Dear Resident/Business

June 2026

IMPORTANT INFORMATION

Road Closure Lower Road, Salisbury – for essential gas main replacement

We are writing to inform you, from Monday 27 July to Friday 28 August, SGN specialist contractors AJM Utilities Limited will be completing gas main replacement work on Lower Road in Salisbury.

These works are part of wider mandatory HSE gas main replacement programme taking place in the local area, they are essential to ensure we can continue to provide residents with a safe and efficient gas supply and avoid gas leaks in the future.

Due to the location of the gas pipes in the road and for everyone's safety we will need to have road closure in place to complete these works. Please see overleaf for map showing the location of our works.

Road closure Lower Road – from 27 July to 28 August 2026

We'll be replacing the gas main between the junction of Church Road to just after Bemerton Church of England Primary School – map below showing exact location of the closure. To support the local community, these works have been planned during the school summer holidays to minimise the disruption.

This road closure will mean:

- No through vehicle access past the closure in either direction – signed diversion routes will be in place
- Vehicle access to properties/businesses within the closure will be maintained – we will liaise directly with properties affected to keep them informed of local arrangements for access.
- Pedestrian and cycle access through the work/closure will be maintained at all times

Bus Routes will be affected – we'd advise bus passengers to contact their service provider for the latest updates/changes to bus routes.

We appreciate this road closure will be disruptive for the community; please can we assure you our engineers will be working as quickly and as safely as possible to complete these works.

If you need to speak to us about these works, you can contact our Customer Service Team by email at customer@sgn.co.uk or alternatively you can call them on 0800 912 1700, they will direct your enquiry to one of the team for response.

We're sorry for the inconvenience our work causes and thank you for your patience and understanding.

Your faithfully

Marti
