The guardians

World War I drama. Life at the Paridier farm has changed dramatically since the men of the family left home to fight on the front line. Hortense Sandrail has taken over courageously but, although helped by her daughter Solange, she finds it hard to get by with all the workload. When harvest time comes, she decides to hire a farmhand but she is too late and no man is available. The mayor recommends her an orphan named Francine Riant. Hortense agrees and the choice is quickly vindicated, as the girl proves perfect: well-mannered and respectful, she is also a hard worker who does not balk at any task. She, Hortense and Solange form an effective trio, who make the most of the situation. One day, Georges comes back to the farm on leave and falls in love with Francine...

The film follows the rhythms of the farming year. The gorgeous photography lingers on details, faces and animals with a strong emotional heft. The passion for the land runs deep both in rural areas and French literature, and finds a moving cinematic expression here.

Despite the removal of Covid-19 restrictions, the Film Society feels that it would still be prudent to continue exercising caution. We hope eventually to be able to return to normal viewing.

The precautions we continue to take to reduce the infection risk include:

- To ensure safe social distancing between seats, numbers attending will be restricted. Couples will be able to sit together.
- However, we do not need people to book in advance.
- As the omicron variant can spread rapidly in indoor spaces we request that everyone attending should have received their booster vaccinations.
- We encourage attendees to wear face masks, although this is no longer compulsory in indoor public spaces. Please bring your own.
- Entrance will be through the west door, at the side of the building.
- We will be offering hot drinks as well as wine and cold drinks.
- There will be a toilet available.
